- b. Signed Form

(mailed to singaporebrainbee2026@gmail.com with hard copy to be submitted at the event)

Deadline: February 28, 2026

No registration fee!

(Both registration steps are mandatory)

The Challenge

The competition aims at testing the student's knowledge in various aspects of neuroscience.

Singapore Brain Bee Challenge consists of two sections, written and oral. All questions for the written section of the national competition will be taken from material in the 'Neuroscience: Science of the Brain' & 'Brain Facts' downloadable online. The written section includes multiple choice questions (MCQs) or short answer questions that will take about 60 minutes to complete. In the second section, the shortlisted students will be invited for oral examination from which the top three winners will be selected.

Use of 'Essential Neuroscience: 2nd Edition' by Allan Siegel and Hreday N. Sapru has been suggested for the International competition.

Hosted by

Department of Anatomy
Yong Loo Lin School of Medicine
